RULLO

Advanced comfort...

Rullo is a convertible couch/bed created from Softline's modular concept. The layers of foam bend to form a low backrest and are held in place with a simple strap. The base slides apart to receive the mattress. Simplicity of function paired with advanced comfort.

Dimensions / cm:

L 200 D 114 H 64 SH 41

Bed: 153 x 200 cm.

BLUB

Ergonomic cosiness...

Ideally our domestic environments should exude positive energy, and our objects should be soft, curved, organic and more conceptual. Blub is an open invitation to comfortable lounging. Its soft fluid shape expresses the ergonomic cosiness and creates a visually appealing, friendly focal point in any space.

Dimensions:

L 87 x D 116 x H 78 cm.

OTTOBED

Modularity and comfort...

Ottobed is a casual fold-out piece that combines the functions of an ottoman and a spare mattress. The modularity and comfort of Ottobed is an extension of the new age of casualism, and meets all the needs associated with living a simpler, less cluttered but more sensual life.

Dimensions:

L 75 x D 65 x H 43 cm.
Bed 75 x 197 cm.

PIERCE

Sensual and sculptural...

My interest is to make form as sensual, as human, as evocative, and as sculptural as possible. Pierce is an iconic chaise lounge in which the two elements cannot coexist without each other. The chaise defies gravity with its equilibrium of floating elements, creating impact and personality in any space.

Dimensions:

L 202 x D 62 x H 75 cm.

Karim Rashid Joins SOFTLINE

SOFTLINE proudly presents the latest member of our furniture design team: World-renowned designer Karim Rashid. Karim Rashid is one of the most prolific designers of his generation and has contributed four stunning designs to SOFTLINE's 2011 collection: Blub, Pierce, Rullo and Ottobed. Lovers of unique furniture design are sure to appreciate these new products.

SOFTLINE

Design, functionality and quality have been focus areas for SOFTLINE since we started producing high-quality modern furniture in 1979. By using new constructions and materials and cooperating closely with internationally recognised designers, we aim to make Softline the first choice for consumers looking for functional designer furniture for homes and public spaces.
